

No is a Complete Sentence

P2P 2025 LIP Hackathon: Team 9 Organ

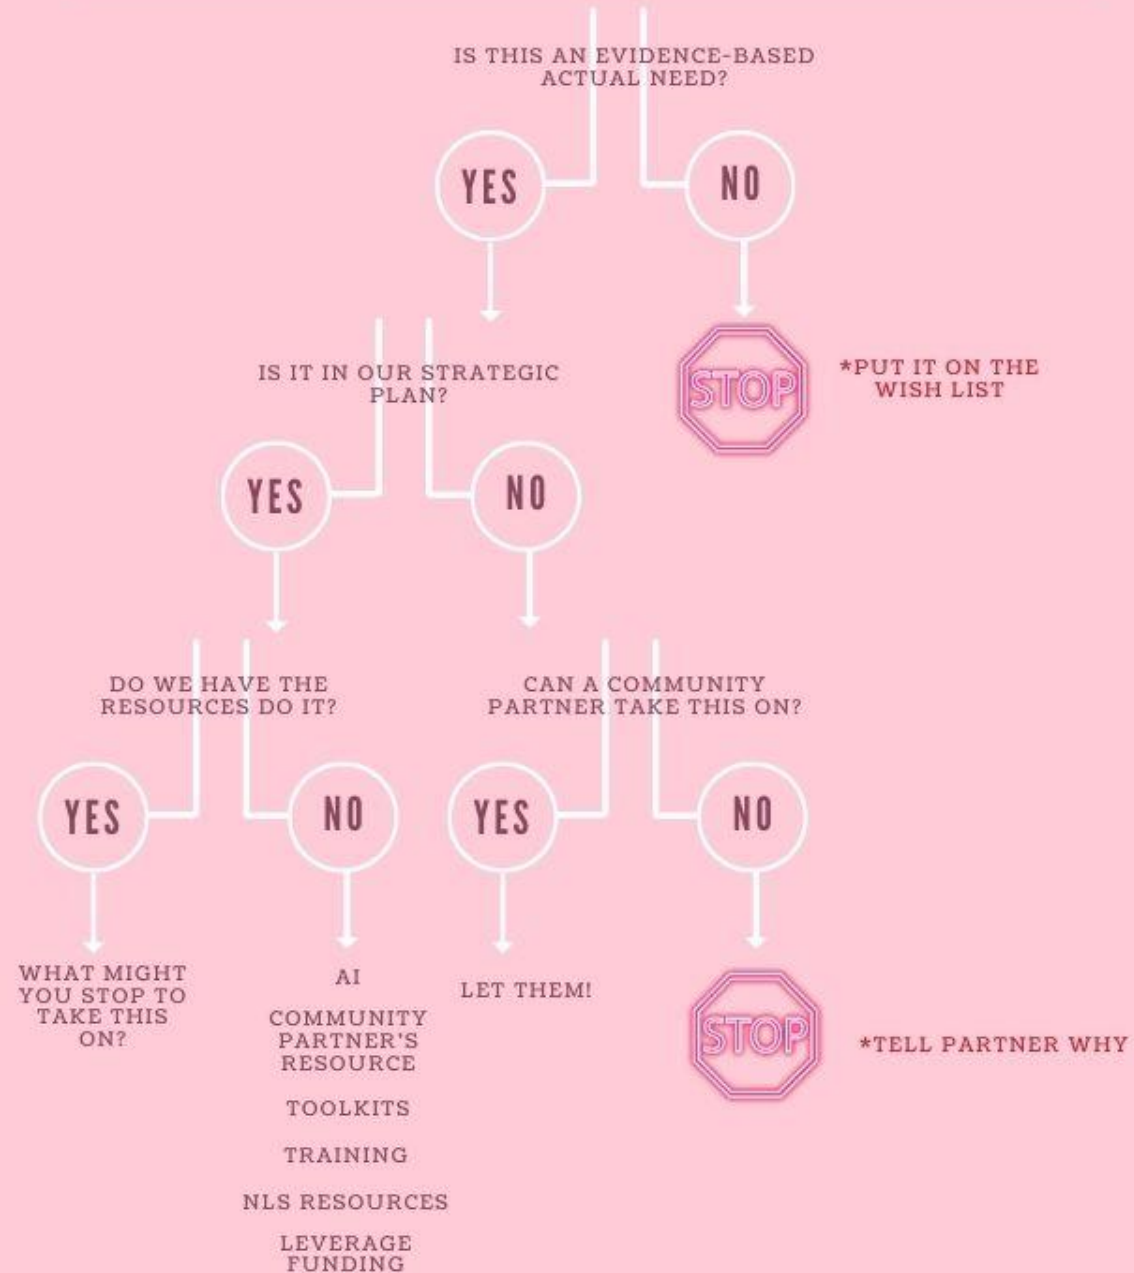

The Challenge

- ▶ Increase in community requests
- ▶ No additional staff or resources
- ▶ Need to upskill and build organizational capacity while maintaining daily operations

The Strategy

- ▶ Develop a decision tree to prioritize requests
 - ▶ Saying no to requests that aren't aligned with the strategic plan or aren't evidence-based will create more space for strategic work
- ▶ Dedicate time saved from the decision tree toward strategic planning work
- ▶ Identify existing practices and resources to strengthen organizational capacity, both within LIP/RIF partner organizations and existing networks (e.g. the NLS)

SHOULD WE TAKE ON THIS ACTIVITY?

DO OR DONUT

Implementation

- ▶ Share the decision tool and the “why” with LIP decision-makers and Partnership members
- ▶ Identify shareable practices and resources through 1:1 check-ins with Partnership members

Impact

- ▶ Decision tree will help speed up decisions, and free up time for strategic planning work
- ▶ Leveraging resources from the Partnership will support collaborative organizational capacity building
